

ENR 325 Assignment #6

Due: 10/24/25 10:00 pm

Task 1: this week let's continue to work on some of the skills we need for the final project: PCB designs.

Learn something about PCB tracing by finishing unit 3 and unit 4.

Unit 3 - PCB Layout

Altium Education

FREE

Unit 4 - Routing and Basic Signal Integrity

Altium Education

FREE

The criteria of “learn” here is to finish those courses, and pass the quiz (10/10). **Send me a screen capture of the finished course if you like.**

Task 2: Let's push it through! Finish unit 5 and unit 6 about the downstream stuff: how to actually get your PCB design fabricated.

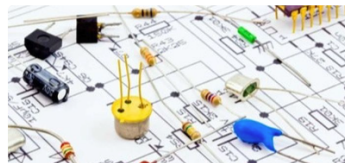

Unit 5 - PCB Manufacturing

Altium Education

FREE

Unit 6 - Fundamentals of Purchasing and Supply Chain

Altium Education

FREE

The criteria of “learn” here is to finish those courses, and pass the quiz (10/10). **Send me a screen capture of the finished course if you like.**
